These simple facts are well known, and the highest medical authorities agree that nething but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause head-

ache, and are otherwise injurious. BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthen-ing it, and thus drive disease from any part of the system, and it will not blacken the teeth, cause headache or constipation, and is posi-tively not injurious.
